

Prompt AI Figma: V.NET-HUB

Blue Modern Minimalist Website Development Project

Draf Prompt (Copy-Paste)

Salin teks di dalam kotak biru di bawah ini dan tempelkan ke AI pembuat desain (seperti Musho, v0, atau plugin AI Figma lainnya):

Role: Act as an expert Senior UI/UX Designer.

Project Task: Design a high-fidelity UI concept for a platform called "V.NET-HUB", a web-based circular economy ecosystem connecting university students with alumni-owned businesses.

Design Style & Theme: "Blue Modern Minimalist". Use a clean white/light gray background, lots of negative space, and modern typography (like Inter or Poppins). The primary brand color is a trustworthy, professional Blue.

Target Audience (Multi-Persona):

- **Students (Mahasiswa):** Looking for trusted vendors for campus events and internship opportunities.
- **Alumni (Business Owners):** Looking for B2B captive markets (student events) and recruiting student talents.

Please generate the UI layout concepts for the following 4 Key Screens:

Screen 1: Student Dashboard & Vendor Catalog (Modul Direktori Bisnis)

- **Header:** Search bar for finding UMKM alumni, Profile icon, and Notification bell.
- **Hero Section:** A welcoming banner highlighting "Cari Vendor untuk Acara Kampusmu!"
- **Filter/Categories:** Clean pill-shaped buttons for filtering business categories like "Konsumsi", "Konveksi", "Percetakan".
- **Content Grid:** Product/Service cards showcasing Alumni Businesses. Each card must include: Business Name, Category, Photo, "Alumni Verified" badge, and a "Minta Penawaran" (Request for Quotation) button.

Screen 2: Request for Quotation (RFQ) Modal / Page

- **Purpose:** Allow student event committees to send specific order requirements to alumni vendors.
- **Form Fields:** "Nama Acara/Kepanitiaan", "Tanggal Acara", "Detail Pesanan/Spesifikasi", "Estimasi Budget/Kuantitas".
- **Action:** A prominent primary blue button "Kirim Permintaan Penawaran".

Screen 3: Alumni Business Dashboard (Vendor View)

- **Sidebar Navigation:** Dashboard, Katalog Produk, Pesanan (B2B), Lowongan Magang, Profil UMKM.
- **Main Content - Pesanan B2B:** A Kanban board or clean table showing incoming RFQs from students (Status: Menunggu, Diproses, Selesai).
- **Main Content - Manajemen Etalase:** Section to update Business Description, WhatsApp/Social contacts, Operational Address, and Product Photos.

Screen 4: Bounty & Internship Board (Papan Kolaborasi)

- **Layout:** A split-screen or clean list view.
- **Left Side (Job/Project List):** Cards posted by Alumni offering "Proyek Lepas (Freelance)", "Studi Kasus Bisnis", or "Magang".
- **Right Side (Detail & Application):** When a card is clicked, show project details and an "Upload Proposal/Portofolio" button for students to apply directly. Include a feature showing it is FREE for verified merchants to post.

Penjelasan Elemen Prompt Berdasarkan Proyek Anda

- **Gaya Desain:** Menggunakan tema "Blue Modern Minimalist" yang diambil langsung dari judul dokumen proyek Anda.
- **Persona Pengguna:** Desain dibagi untuk interaksi multi-persona, yaitu Mahasiswa (kepanitiaan) dan Alumni (pemilik UMKM).
- **Layar 1 (Katalog Vendor):** Diambil dari kebutuhan mahasiswa untuk memfilter dan mencari vendor terpercaya untuk logistik acara. Layar ini memuat fitur "Modul Direktori & Informasi Bisnis".
- **Layar 2 (Request for Quotation):** Merupakan implementasi dari solusi antarmuka mahasiswa yang memungkinkan panitia mengirimkan spesifikasi pesanan acara langsung ke vendor alumni.
- **Layar 3 (Dashboard Alumni):** Merupakan alur pengguna (User Flow) untuk alumni agar mereka bisa menerima pesanan B2B dari kampus dan mengelola etalase profil usahanya.
- **Layar 4 (Papan Kolaborasi):** Memvisualisasikan fitur unggahan proyek atau lowongan magang gratis dari UMKM yang terverifikasi, beserta tombol bagi mahasiswa untuk mengunggah proposal/portofolio mereka.
